Transition Team General Meeting

Thursday, July 30th, 6:30 pm  
City Hall Basement, Hoboken, NJ

I am sending this e-mail to the 88 members of the transition team to thank you all for the many hours of work you have put in so far on the seven committees we have formed. Additionally, I am inviting you to a General Meeting this coming Thursday, July 30th at 6:30 pm at City Hall (basement conference room). I believe it is important that we meet together as a group to discuss next steps, including the renaming of this group, possible changing its structure, etc.

Each of the committees have met several times and have been working toward the production of deliverables for the benefit of the City. The work has been very thorough, and the discussions at every meeting have been productive, and provocative. The recent events no doubt may alter the future of each of these Committees; however, it is important that the valuable efforts of the volunteers not be wasted.

I am proud to be working with all of you and am inspired by your collective energy and care for the City of Hoboken. I hope that many of you will come to this meeting to discuss how we can continue helping this place we call home.
